

NAUTILUS[®] INSPIRATION

The Nautilus Inspiration Triceps Extension utilizes a bilateral stabilized motion for seamless control targeting the long head of the triceps through the full range of motion. The ergonomic gas assist seat adjustment ensures optimal comfort, while the highlighted axis of rotation guarantees precise user positioning. With the Lock N Load weight selection system, featuring 5lb increments, the Inspiration Triceps Extension is a key piece in the strength circuit.

LOCK N LOAD[®] WEIGHT SELECTION

Selecting a weight with the intuitive Lock N Load design is as easy as flicking a switch. Universally color coded switches engage and disengage the weight via an internal pin, providing a safer, more durable and maintenance free operation. Lock N Load prevents unnecessary maintenance headaches since there are no pins to lose or replace.

SMART TOWER DESIGN

The beautifully designed Nautilus Inspiration line, with their uniform 64" (163 cm) towers, deliver superior lines of site across your venue and create a visually powerful impression during facility tours. The tower housing is designed to accommodate custom graphics and wraps to personalize the equipment in your facility.
